1. New Comprehensive Branding & Communications Plan in the Works: To enhance our School’s world-wide recognition as the leader in educating and developing outstanding HR and labor relations talent, our distinguished Advisory Board has formed a special team to develop a comprehensive branding and communications plan. Comprising that team are alumni...

✓ Garry Randall  (EVP, Walt Disney)
✓ Eric Drummond  (former VP, National Basketball Assoc.)
✓ Michaela Oliver  (VP, Rosetta Stone)
✓ Jim Michaud  (EVP, Cliffs Natural Resources)

2. Forming Localized Alumni Networks Across the U.S.: Believing that our alumni can benefit significantly by building on the common bond and remarkable professional success of our graduates, our Alumni Relations Board has begun forming localized networks across the U.S.

The purpose of establishing these localized networks is 2-fold:

✓ strengthen local professional and personal networks through regular face-to-face meetings and receptions, and greater communications via localized LinkedIn sites and other media

✓ provide localized alumni networks for welcoming, coaching and mentoring our students whom upon graduation or during their summer internships move to new locations across the country.

Listed below are the current localities and alumni and friends generously volunteering to take the lead in further developing localized networks. We encourage you to reach out to the local lead
where you live to become engaged in this promising new alumni network opportunity championed by our Alumni Relations Board.
